

Test 1.

In our family, everyone eats differently. These are mainly fruits, vegetables, and meat. In Kazakhstan, many people eat meat as it is a traditional dish of our country. Meat gives us a lot of strength and vitamin and therefore many people love it.

Test 2.

The air in our city is very dirty, as Atyrau is an oil city. The government does not pay attention to this. On the contrary; they want to build more factories.

Test 3.

1) This is very common in our country. For example, different salary but the same position etc.

2) No. Or I do not know such.

Test 4

1) I think it's exercise. But if you follow these two, then it is doubly useful for a example.

2) Because some people are busy with and there is no time for ^{exercise} ~~example~~.

Test 5.

When they like this profession and are sure that they will cope with this profession.

Test 6.

1) Comedy, Romance, Musical, Drama, Spent, Fantasy.

2) Watching a particular movie, you can often see easily recognizable images. They help us understand the type of hero, his profession or nationality, and sometimes predict behavior. All these are stereotypes that have appeared as a result of chitching certain certain character traits of completely different characters.
